**Public Comments:**

**Sue Stevens** said, I live in a trailer on the other side of The Big Stone and I've talked to Dave the past 2 ½ years and talked to the State about the stormwater running off onto our property. I have water running off of Pennway Drive and off of Rt. 271. Now back on Pennway there was a patch of macadam that broke off. **Chairman Baker** said, we just went down and looked at it. **Stevens** said, now the water comes down more because of the macadam broken off. **Baker** said, we're going to do something about that. On the other side, I talked to Rodney Biter about Rt. 271. We have issues the whole way down. the water doesn't make it to the drains. **Stevens** said, I spoke with him and he tried to tell me it was coming from The Big Stone but their lot is flat. The water comes from Pennway into the parking lot and then along with water from Route 271 all comes down onto my property. **Baker** said, The Big Stone had a problem with the berm over there too. . .it all washes out. On the Pennway side. .we'll put that blacktop back in there. **Stevens** said, it doesn't even have to rain that hard for it to come down on my property. Even if it's not raining, you can see the paths where the water washed down onto my property.

**Jim Buhaly** said, I live on Ranch Road and I'm here about the Tim Gonzales property that is currently being rented out to Laughards. I was to the Court Hearing a couple of years ago and the Judge said the ordinance being used was not adequate. **Solicitor Barbin** replied, we adopted a new ordinance. **Buhaly** said, part of the old ordinance said about having rats and varmints and now a neighbor now has Erlich in and spraying for rats and mice. He's also going across the road now. **Supervisor Wallet** said, there are tires and everything dumped over there. **Buhaly** said, if with the new ordinance and there are fines, they should be imposed. We're frustrated that nothing is being done. **Chairman Baker** said, let me say this. .there is nobody more frustrated then this Board and it's not for lack of trying on the part of this Board. **Barbin** said the new Ordinance, the Property Maintenance Code, was adopted several years ago and the penalty portion was several months ago. A violation letter from the Zoning Officer should say specifically what the violations are and give so many days to comply. **Buhaly** said, in a second issue, that entryway going off of Rt. 271 owned by the Township. . .it would be great if you had any extra blacktop sometime to take care of that area.

**Announcements:** **Chairman Baker** announced, The Board of Supervisors next scheduled meeting will be held on Thursday, June 29, 2017 at 6:00 pm at the Jackson Township Municipal Building.

**Adjournment:** **Motion** Wallet, second Dreikorn to adjourn the meeting at 7:52 am. Vote-3 yes.

Respectfully submitted,

David M. Hirko, Secretary
