Additional Notes:

Applicant "no-shows" will be charged up to the fee set for the service. Applicant is responsible for canceling due to inclement weather. If SEO shows, but can not complete testing due to weather conditions; applicant will be charged up to the fee set for the service.

PA Department of Environmental Protection (DEP) requires testing verification by CCSEA soil scientist for major subdivisions (more than 10-lots from parent tract since May 15, 1972). Associated consulting costs to CCSEA will be forwarded to and are the full financial responsibility of the developer.

General Soils Testing Schedule - April 01st to October 31st - weather dependent. Additional testing performed with conducive weather conditions.

Recording fee is established by the state and could change without notice.

APPROVED January 14, 2009, REVISED August 12, 2009
