Hillbilly Gypsies Plays from 1 till 4

A West Virginia native string band who specialize in playing their own home grown style of Appalachian old time music, mixed with a hard drivin' bluegrass sound. They perform around a single vintage style large diaphragm microphone. This "old timey" approach adds a high energy barn party atmosphere to their show. Watching the whole band work around the mic is like taking a trip back in time. They also feature the West Virginia state banjo pickin champion.

TOTEM (Dance Band) Plays from 5 till 8

No charge or cover for the entertainment.
