The project has several issues that need addressed before the line can be used by individual homeowners and turned over to JTWA. Karl informed Mr. Custer it is a safety issue. Mr. Custer assured Karl that the hydrants could be used and their used would not apply to the possession of the line.

OLD BUSINESS:

ON MOTION BY ROBB, SECOND BY DON AND APPROVED BY ALL TO PAY THE BILLS FOR OCTOBER. Payment of the invoice for yearly Sensus support (meter reading equipment) was tabled until next meeting.

ATTORNEY'S REPORT: (CJ Webb)

A discussion occurred regarding Interim Financing and refinancing of GMAC loan with First National Bank (FNB), including the benefits and detriments of financing through FNB. One of the benefits with FNB would be that it avoids the Pennvest closing problem related to lien priority and time required to process the loan will be less. A discussion occurred regarding trying to refinance with another bank and the possibility that this could delay the Pennvest closing. FNB's closing of its local branch office and its possible requirement that municipal accounts remain at FNB was also discussed.
