VARIANCE

SECTION 209 - FUNCTIONS

The Zoning Hearing Board shall function in strict accordance with and pursuant to the Pennsylvania Municipalities Planning Code and shall have all powers set forth therein, including but not limited to the following:

1. Variances

The Board shall hear requests for variances where it is alleged that the provisions of the Zoning Ordinance inflict unnecessary hardship upon the applicant. The Board may by rule prescribe the form of application and may require preliminary application to the Zoning Officer. The Board may grant a variance, provided that all of the following findings are made where relevant in a given case:

- A. That there are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property and that the unnecessary hardship is due to such conditions and not the circumstances or conditions generally created by the provisions of the Zoning Ordinance in the neighborhood or district in which the property is located.
- B. That because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Ordinance and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
- C. That such unnecessary hardship has not been created by the appellant.
- D. That the variance, if authorized, will not alter the essential character of the neighborhood or district in which the property is located, not substantially or permanently impair the appropriate use or development of adjacent property, nor be detrimental to the public welfare.
- E. That the variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.

In granting any variance, the Board may attach such reasonable conditions and safeguards as it may deem necessary to implement the purposes of this act and the Zoning Ordinance.

Provide with Application for Special Exception

ARTICLE VI - SPECIAL EXCEPTIONS

The special exceptions listed in this Ordinance and their accessory buildings and uses may be permitted by the Zoning Hearing Board in the districts indicated therein, in accordance with the procedures, standards, and criteria set forth in this Article and Article II (relating to the Zoning Hearing Board).

GENERAL PROCEDURES

An application for special exception filed with the Zoning Officer shall be referred to the Planning Commission for investigation as to the manner in which the proposed location and character of the special exception will affect the community and how the required standards are to be achieved. The Planning Commission shall report the results of its study to the Zoning Hearing Board within thirty days following receipt of the application. If no such report has been filed with the Zoning Hearing Board within this time period, the Zoning Hearing Board may assume the Planning Commission has acted favorably but in any event the recommendation of the Planning Commission shall be advisory, and not binding upon the Zoning Hearing Board.

The Zoning Hearing Board shall conduct a public hearing on the appeal under Section 211 (Hearings) of Article II, and in accordance with Public Notice requirements.

If the proposed Special Exception is located in the district wherein such use may be permitted and meets the specified standards and criteria, the Zoning Hearing Board may approve the Special Exception. The Board may also levy reasonable conditions or safeguards as deemed appropriate to protect adjoining property.

The applicant may then apply to the Zoning Officer for building and occupancy permits in accordance with the procedures specified in this ordinance.

Any expansion of such Special Exception involving the enlargement of the buildings, structures, or land area shall be subject to the procedure described in this section.

Please see the complete text of Article VI and amendments for details of special exceptions permitted by the Jackson Township Zoning Ordinance.

Article II, Section 209 – Functions, 2. Special Exceptions

Where the governing body, in the Zoning Ordinance, has stated special exceptions to be granted or denied by the Board pursuant to express standards and criteria, the Board shall hear and decide requests for such special exceptions in accordance with such standards and criteria. In granting a special exception, the Board may attach such reasonable conditions and safeguards, in addition to those expressed in the Ordinance, as it may deem necessary to implement the purposes of this Zoning Ordinance.
